

1 Q. If you'll look at Exhibit 45 on page 3 of
2 your C.V., it's Bates stamped 3501.

3 A. Yes.

4 Q. You had said that the grant, the URADD
5 grant that has Zimmerman in parentheses was a mistake?

6 A. Yes. I think -- usually the person who
7 was in parentheses when you list this is the principal
8 investigator, the person who is responsible for that
9 grant. And in that case, it's Bill McMahon.

10 Q. So why do you think Zimmerman was on
11 there?

12 A. Because she was the director, and I
13 probably did this pretty quickly.

14 Q. Was she also the company PI?

15 A. Of the registry? I don't know. I've
16 always just thought of Bill as the only PI. I don't
17 know of her being a co-PI of the registry. Rather, she
18 is the director of the registry.

19 (EXHIBIT 50 WAS MARKED.)

20 Q. Okay. So what is this Exhibit 50?

21 A. This was an e-mail between myself and John
22 Baio.

23 Q. And who is John Baio?

24 A. He was the person who ran the ADDM study
25 for the CDC.
